Year of Build: Jan 2022

Description:

Brand New QUASER MV 184P vertical 3-axis machining center for Sale

The QUASER MV 184P is a state-of-the-art 3-axis vertical machining center designed for precise CNC machining tasks. With a SIEMENS 828D CNC control and a main spindle speed of 12,000 min⁻¹, it offers high machining accuracy and efficiency. The travel paths of 1,020 mm in the X-axis, 610 mm in the Y-axis and 610 mm in the Z-axis enable versatile machining of workpieces. The machine is equipped with a 48-station tool magazine, a chip conveyor and an IKZ system to maximize production output. Other features include a temperature-controlled oil cooling system for the main spindle and preparation for a 4th axis, which further increases the flexibility of the machine. Ideal for demanding manufacturing tasks that require high precision and productivity.

CNC control SIEMENS 828D

Technical data:

- Main spindle speed: 12,000 min⁻¹
- Travels:
 - X-axis: 1,020mm
 - Y-axis: 610 mm
 - Z-axis: 610 mm
- Tool magazine places piece 48
- Tool holder: SK40 BIG PLUS type DIN69871

Machine equipment

- Chip conveyor
- IKZ 20bar with 25? cartridge filter
- Temperature controlled oil cooling system for the main spindle
- External handwheel
- External blowing air
- 48-cavity tool magazine
- Preparation 4th axis

Technical Data:

Technical Data:

Control: SINUMERIK 828
Machine Hours: 0 hrs.
Spindle Hours: 0 hrs.
Spindle Speed: 12.000 rpm
Tool Holder: SK40
Tool Capacity: 48 x

Travels:

X-Axis: 1.020 mm
Y-Axis: 610mm
Z-Axis: 610 mm

Buyer Information:

Condition: Like New
Availability: Immediately
Sold as:
EXW (Ex Works - Incoterm)
VAT: 19 %
Buyers Premium: 18 %
Location: Germany
